

Consumption Can Be Cured.

Mrs. Nettie Carter of Elkton, Ky., after her physician had told her that she had consumption took Duffy's Pure Malt Whiskey, and has been completely restored to health. Appetite is good, she sleeps well and enjoys life without pain or ache.

"I had acute indigestion for two years, which kept growing worse. I employed several physicians without any benefit. I came near starving, as I could eat very little. For several months I suffered frequent attacks of vomiting, which made me very weak. Finally my physician told me that I had consumption. This filled me with terror."

"In an advertisement in the Nashville Banner I read that Duffy's Pure Malt Whiskey was recommended for Tuberculosis or Consumption. I began to take it in desertspoonful doses four or five times a day, and a tablespoonful at bedtime. I am now strong and well. Cough, distress in my chest, and the indigestion are gone. My appetite is good; I sleep well. This is all due to Duffy's Pure Malt Whiskey, which I regard as an unfailing cure of consumption if taken in time."—Mrs. Nettie Carter, Elkton, Ky.

Thousands, both men and women, like Mrs. Carter, enjoy Duffy's Pure Malt Whiskey for restoring them to health.

Duffy's Pure Malt Whiskey

cures diseases of the throat and lungs and all run down and weakened conditions of the body, brain and nerves. It builds new tissue, invigorates body, brain and nerve, quickens the circulation and aids in driving out all disease germs. It is prescribed by doctors and is recognized as a family medicine everywhere.

CAUTION—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It is the only absolutely pure medicinal malt whiskey, and is sold in sealed bottles only; never in bulk. Price \$1.00. Look for the trade-mark, "The Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for a free illustrated medical booklet and free advice.

FEUD IN SAN FRANCISCO TAKES NEW TURN

San Jose, Cal., Nov. 12.—The feud between the On Yick Tong and the Yee family took a new turn tonight when Yee Log Ling, head of the Yee family, surrounded by armed white guards journeyed by automobile from San Francisco to this city and completed arrangements for the prosecution of Wong Moon and Louis Lin, the alleged murderers of Yee Hang Tey at Mountainview. After a council at the county jail, where seven accused On Yick Tong members are imprisoned Yee Log Ling swore to

charges against two alleged high-linders.

JAP MAKES SHORT WORK OF WRESTLER

Seattle, Nov. 12.—Professor Tokoguro Ito, a Japanese, made short work of George Braun of San Francisco in a Jiu Jitsu match here tonight. The Japanese defeated his white antagonist in straight falls taking the first in two minutes and twenty-two seconds, and the second in forty-three seconds. In both instances the strangle hold was used. The services of three physicians were required to revive Braun after the second fall.

SALT LAKE AND STATE NEWS

SEISMIC DISTURBANCES FREQUENT IN UTAH

Salt Lake, Nov. 12.—Never in the history of the state has the seismic activity in the state been so frequent and intense as it has been in the last three weeks. About five weeks ago Salt Lake felt two shocks that were the most violent that have been known in this locality, and since then numerous disturbances have been experienced.

The most violent came Monday night, when it was distinctly felt in this city, and since that time Dr. Fred J. Pack, professor of geology at the university, states that the seismograph at the school has seldom recorded a straight line. The shocks were not intense enough to make distinct records, but the behavior of the needles indicates that the earth has been in a constant state of agitation. The country affected seems to be confined to the Bear River section, in northern Utah, and this has probably been the center of the seismic disturbances of the last five weeks.

The seismic activity in this region has been the worst ever known in that country, and in many cases the violence has been extremely serious. Shocks are happening nearly every hour, and people have been driven from their homes, terror-stricken, in the middle of the night.

The company is to be heard here in the direction of the well known manager, John P. Slocum, who is this season affiliated with the Shuberts.

LAI TO FINAL REST AT MT. OLIVET

Salt Lake, Nov. 12.—Mrs. Mary Judge was laid to rest beside the body of her husband in Mt. Olivet cemetery shortly before noon today.

The funeral services, which were private and attended only by members of the family and a few intimate friends, were held from the family residence, 737 East South Temple street, at 10 o'clock. They were simple but impressive. Rt. Rev. Bishop Scanlon recited the funeral service of the Catholic church, of which Mrs. Judge was a member for many years. The handsome casket was completely covered with floral offerings from the many friends of Mrs. Judge in this and other cities in the west. Following the simple services at the home the cortege moved slowly to Mt. Olivet cemetery, where the simple burial service of the Catholic church was recited by Father Michael Curran.

The honorary pallbearers were Jas. Ivers, W. S. McCormick, W. J. Haloran, Judge William M. Bradley, Fred J. Leonard and T. K. Kinney. The active pallbearers were L. D. McCormick, C. W. Whitley, George Smith, Charles Walker, E. F. Ferry and W. M. Ferry.

Requiem mass for Mrs. Judge was recited at St. Mary's cathedral at 9 o'clock this morning by Rt. Rev. Bishop Scanlon.

DREAD HOOKWORM APPEARS IN NEPHI

Salt Lake, Nov. 12.—Dr. O. D. Miner of Nephi has reported the existence of two cases in which the symptoms correspond identically with those of the dread hookworm disease of the south. The children afflicted are members of a family recently emigrating from Arkansas, the center of the disease in the south. The children have attended the public schools of Nephi and have associated with neighbors freely. As the disease is highly infectious, steps will be taken immediately to ascertain of the disease is the genuine "hookworm," in which case the Arkansas family will be isolated and steps taken to cure the two suffering from the disease. Dr. Miner was ordered to submit specimens of the disease to Dr. F. A. McClunkin of the state university and state bacteriologist, who will pass final analysis.

Much attention has been called to the "hookworm" recently by magazine writers, some of whom have gone so far as to attribute the general lethargy among the lower classes of the south to this disease. It is said that its chief effect is to cause chronic inertia or laziness in the victim. John D. Rockefeller recently donated \$1,000,000 to be used as a fund to exterminate the disease, which was placed in the hands of the National Hookworm scientists and educators in the south and will form a big factor in the fight which the south is about to begin against the "hookworm."

HARRIS HOME FUND STARTS IN SALT LAKE

Salt Lake, Nov. 12.—Almost before the board of governors of the Commercial club had decided to buy a home for Mrs. Harris, wife of the late Fisher Harris, secretary of the club, the contributions for the fund began to roll in. This morning three checks were received, which swelled the fund to \$20.

It is expected that the money will roll in thick and fast and that the purchase can be made within a short time. The committee which was appointed to handle the matter is now considering the selection of a house. It is not certain whether the house now occupied by the family will be purchased or not. The following letter was sent out this morning to the members of the club:

Dear Sir—At a special meeting of the board of governors of the Commercial club, held November 11, 1909, a plan was adopted to create a fund for the purpose of buying a home for the family of our late secretary, Fisher Harris.

As a part of this plan, we were directed to give each member of the club an opportunity to subscribe such an amount as he might deem proper.

This fund is being raised as a tribute to the worth of our departed friend, and as a further remuneration for the invaluable services rendered by him, not only to the club, but to the city and the state. This call is for voluntary subscriptions of a house to be regarded as an assessment upon club members.

Will you please indicate upon the enclosed card the amount you desire to subscribe. Also please indicate charge for the amount, or indicate upon the card that we are authorized to charge the amount to your account.

A list of subscribers to this fund will be mailed to each signer when the required amount is raised. Very respectfully yours,

W. J. HALLORAN, President.

JOSEPH E. CAINE, Secretary.

BANK CLEARINGS.

New York, Nov. 12.—Bradstreet's bank clearings report for the week ending Nov. 12 shows an aggregate of \$359,822,000, as against \$3,541,749,000 last week, and \$3,569,093,000

in the corresponding week last year. The following is a list of the cities:

City.	Per Cent.	Per Cent.
	City.	Per Cent.
New York	\$2,277,331,000	3.6

And in accordance with law and an order of the board of directors made on the 24 day of October, 1909, so many shares of each parcel of such stock as may be necessary will be sold at the office, No. 224 Washington avenue, corner of Twenty-third street, Ogden City, Utah, at the hour of 4 o'clock on November 17, 1909, to pay the delinquent assessment thereon.

SHUBERT'S FIRST OFFERING—"THE GAY MUSICIAN"—A BRILLIANT COMIC OPERA.

THE REHEARSAL SCENE IN "THE GAY MUSICIAN"—ORPHEUM, MONDAY AND TUESDAY, NOVEMBER 15 AND 16.

An unusually brilliant attraction comes to Ogden next Monday and Tuesday evenings consisting of Julian Edwards' brilliant comic opera success, "The Gay Musician," which will be presented at the Orpheum by a superb company of singers under the direction of the well known manager, John P. Slocum, who is this season affiliated with the Shuberts.

The company is to be heard here in the direction of the well known manager, John P. Slocum, who is this season affiliated with the Shuberts.

"The Gay Musician" is essentially a comic opera and is not by any means a musical comedy. Its story is legitimate and is entirely free from the vulgarly and horse play which is so often to be found in the so-called musical attraction.

It fairly sparkles with musical numbers, ranging from the dainty solo to the stirring marches, and when Colonel Roosevelt heard the comic opera

in Washington he declared it to be "A Tiara of musical gems."

"The Gay Musician" was first presented in New York at Wallace's theater in the early part of last year where it ran for the entire summer, being followed by long engagements in Philadelphia, Boston, Washington and other large eastern cities. This season the Shuberts are sending "The Gay Musician" to the Pacific coast, thus affording music lovers of this city an opportunity of hearing this big musical success of the east.

Manager John P. Slocum, who directs the tour of "The Gay Musician" is well known as always giving the public the best in the theatrical field and it will be remembered that he brought the late Richard Mansfield here in some of his most notable successes.

The company to be heard here, "The Gay Musician," is composed of notable singers and includes a bevy of beautiful show girls and a singing chorus that is termed "The best singing chorus in America."

The prima-donna of the company is Miss Texas Guinan, a Denver girl, and the niece of United States Senator Bailey of Texas. Miss Guinan has had a meteoric career for three years ago she forsook society in Washington, D. C., to go upon the stage, and society gasped. But when she accepted the position of a chorus girl, society staggered. By sheer hard work Miss Guinan rapidly rose in her profession until now she is a recognized prima-donna and has fulfilled her ambitions in every way. She is possessed of unusual beauty, superb vocal qualities and magnetic power and wherever she has been heard and seen she has won all hearts.

The principals of "The Gay Musician" include many notable artists, who are great favorites in New York and the east, such as Lottie Kendall, who plays the role of the wife of the "Gay Musician," Harry Benham, the baritone, formerly with Henry T. Savage; Margaret Crawford, for four years with Henry W. Savage, and one of the best known contraltos on the stage, W. H. Pringle, the noted basso comedian; Freda Kline, a dainty dancer, who last season took New York by storm; Roger Gray, the comedian and dancer, another big New York favorite, as well as W. F. Ryan, Leo H. White, Grace Souther, Francesca Le Clair, Ethel Cook, Roy Tury and others that are well known.

One of the features of "The Gay Musician" is the powerful singing chorus, each member of which was specially selected for his or her vocal strength.

Manager Slocum has equipped his company in a lavish manner, the most costly of imported French gowns being worn in one scene. The engagement of "The Gay Musician" in this city is a notable musical event and its appearance is sure to be greeted by crowded houses.

The Shuberts have selected "The Gay Musician" company as the attraction to open the new Shubert theater in Salt Lake City next Wednesday evening. The engagement continues for the balance of the week. The company will then proceed from Salt Lake City by special train to Los Angeles, California.

OPPOSITION TO THE STEAM TRAINS

The meeting of the city council as a committee of the whole for the purpose of conferring with representatives of the Salt Lake & Ogden railroad company and the property owners on Lincoln avenue, which was scheduled for last night, did not materialize.

Several members of the council and railroad representatives found it inconvenient to be present and the meeting was postponed until some time today.

At the last meeting of the council Simon Bamberger, president of the interurban road petitioned the city to allow him the temporary use of Lincoln avenue to back his trains up to Twenty-fifth street where the new depot will be located. President Bamberger has assured the council that the request, if granted would be only temporary, as the work of electrifying the road is being pushed forward and will be completed before the winter closes.

The franchise of the Salt Lake & Ogden railroad company through Ogden city expressly stipulates that only cars with electric motive power shall be used on Lincoln avenue but if the city council sees fit to grant the company the temporary use of this thoroughfare for steam driven trains, it may do so.

The property owners and residents on Lincoln avenue were notified to be present last night and a number were present to voice their protests against granting the railroad company this privilege.

A number of people living on Lincoln avenue are unalterably opposed to allowing the company to run its trains through the streets and it is rumored that if the council allows the company to do so, a restraining order will be applied for in the district court directed against the railroad company.

PILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c.

WOOL-GROWERS ARE GETTING VERY BUSY

While the various committees and members of the National Wool Growers' Association in Ogden are busy preparing for the annual convention which will be held in Ogden January 8, 9 and 10, out-of-town members are bestirring themselves in the interest of the convention.

President Fred R. Gooding of Gooding, Ida, Secretary George S. Walker of Cheyenne Executive Committee member Peter G. Johnson of Blackfoot, Ida, were in Salt Lake yesterday in the interest of the convention.

From all reports the convention to be held here will be the most successful from every point of view, in the history of the association. Hundreds of sheep men from all parts of the United States, Canada and even foreign countries will be in attendance with exhibits.

The Association Salt Company, a sheepmen's corporation, the report on which will be read during the convention, will show that 2,500 tons of salt, enough for the needs of the members have been produced during the past season.

BENEFIT CONCERT AT THE TABERNACLE

The concert given at the Tabernacle last evening, in the aid of the Seventh ward meeting house, and under the auspices of the Columbian Conservatory of music, was a pronounced success.

The large audience greeted the artists with rounds of applause, and nothing but praise was heard on every hand for the management.

It was one of the most evenly balanced and well rendered recitals ever heard in Ogden.

Miss Sybilla Clayton is a pianist of rare ability. Her technique is indeed wonderful, and her power of musical expression sublime. Her renditions of Chopin numbers served to display her rare artistic genius.

Gustav Schuster, the well known violin soloist and composer, makes use of the violin as a medium of expression.

WANT ADS BRING BIG RESULTS

IMPORTANT CHANGE IN CAR SCHEDULE.

November 16th, 1909.

Hot Springs cars leave 25th street and Washington avenue at 6:30 A. M. and every hour and a half thereafter until 11:00 P. M.
